The Knecht Resident Awards

In memory of Dr. Charles Knecht, three awards are available for ACVIM neurology / neurosurgery residents in training to assist with the expense of attending the annual Forum. Each award will be for $500.

Criteria for Award

Resident has to be in good standing in her/his ACVIM approved neurology program

Resident is presenting an abstract or poster at the Forum

The quality of the residents work and the impact of the study on veterinary neurology will be taken into consideration.

Priority given to residents in the final year of their program

Application Process

To apply, the resident and mentor must write 400-500 words detailing the research / work that they are presenting at the Forum with respect to the work which was performed and how it was funded (ie was a grant written for this purpose). Please supply the abstract as it was submitted. Additionally, publication plans and the future continuance of the work should be discussed.

Applications will be reviewed yearly with an April 1\textsuperscript{st} deadline for submission. Calls for applications will be made by January 15\textsuperscript{th} each year. The nominations committee will review the applications and make the final decision by April 15\textsuperscript{th}.

Please send applications and questions to the Nominations Committee Chair (Dr Julie Ducote - jducote@centerforvetspecialtycare.com)
